

Employee Travel & Expense Reimbursement Policy

This document outlines the company's policy for business travel and expense reimbursement, effective for all full-time and contract employees.

1. Eligible Expenses

Employees may claim reimbursement for airfare, train tickets, hotel accommodation, ground transportation (taxi, rideshare, rental car), and meals incurred during approved business travel. All claims must be supported by itemized receipts.

2. Meal Allowance Limits

The daily meal allowance is capped at \$75 for domestic travel and \$110 for international travel. Alcohol is not reimbursable under any circumstance. Client entertainment meals require separate pre-approval from a department head.

3. Hotel Booking Rules

Hotel bookings must not exceed \$220 per night for domestic stays and \$300 per night for international stays, unless the employee is attending a conference where the conference hotel exceeds this rate. In that case, prior written approval from finance is required.

4. Air Travel Class

Economy class is standard for all flights under 6 hours. For flights exceeding 6 hours, Premium Economy may be booked. Business class requires VP-level approval and is reserved for flights over 10 hours.

5. Submission Deadline

Expense reports must be submitted through the finance portal within 14 calendar days of the trip's completion. Reports submitted after 30 days will not be reimbursed except under documented extenuating circumstances.

6. Non-Reimbursable Items

- Personal entertainment (movies, spa services, gym fees)
- Traffic or parking fines
- Travel insurance already covered by the corporate policy
- Upgrades not pre-approved by a manager

7. Mileage Reimbursement

Employees using a personal vehicle for business travel are reimbursed at \$0.67 per mile, in line with the current standard mileage rate. Mileage logs must include origin, destination, and business purpose for each trip.

8. Approval Workflow

All expense reports above \$500 require approval from the employee's direct manager and the finance department. Reports under \$500 require only direct manager approval. Approved reimbursements are processed within 7 business days.

9. International Travel Requirements

Employees traveling internationally for business must register their trip with the corporate travel desk at least 5 business days in advance for safety and visa-compliance tracking purposes.
